

Le animazioni sono costituite da una serie di immagini, visualizzate in successione, in modo da avere l'impressione del movimento. L'esempio che andiamo ad illustrare mostra come realizzare una scritta in progressione

Dopo aver aperto il nostro nuovo "foglio di lavoro" scegliamo il colore con cui riempire lo sfondo

Scegliamo ora il testo da inserire
sul nostro sfondo

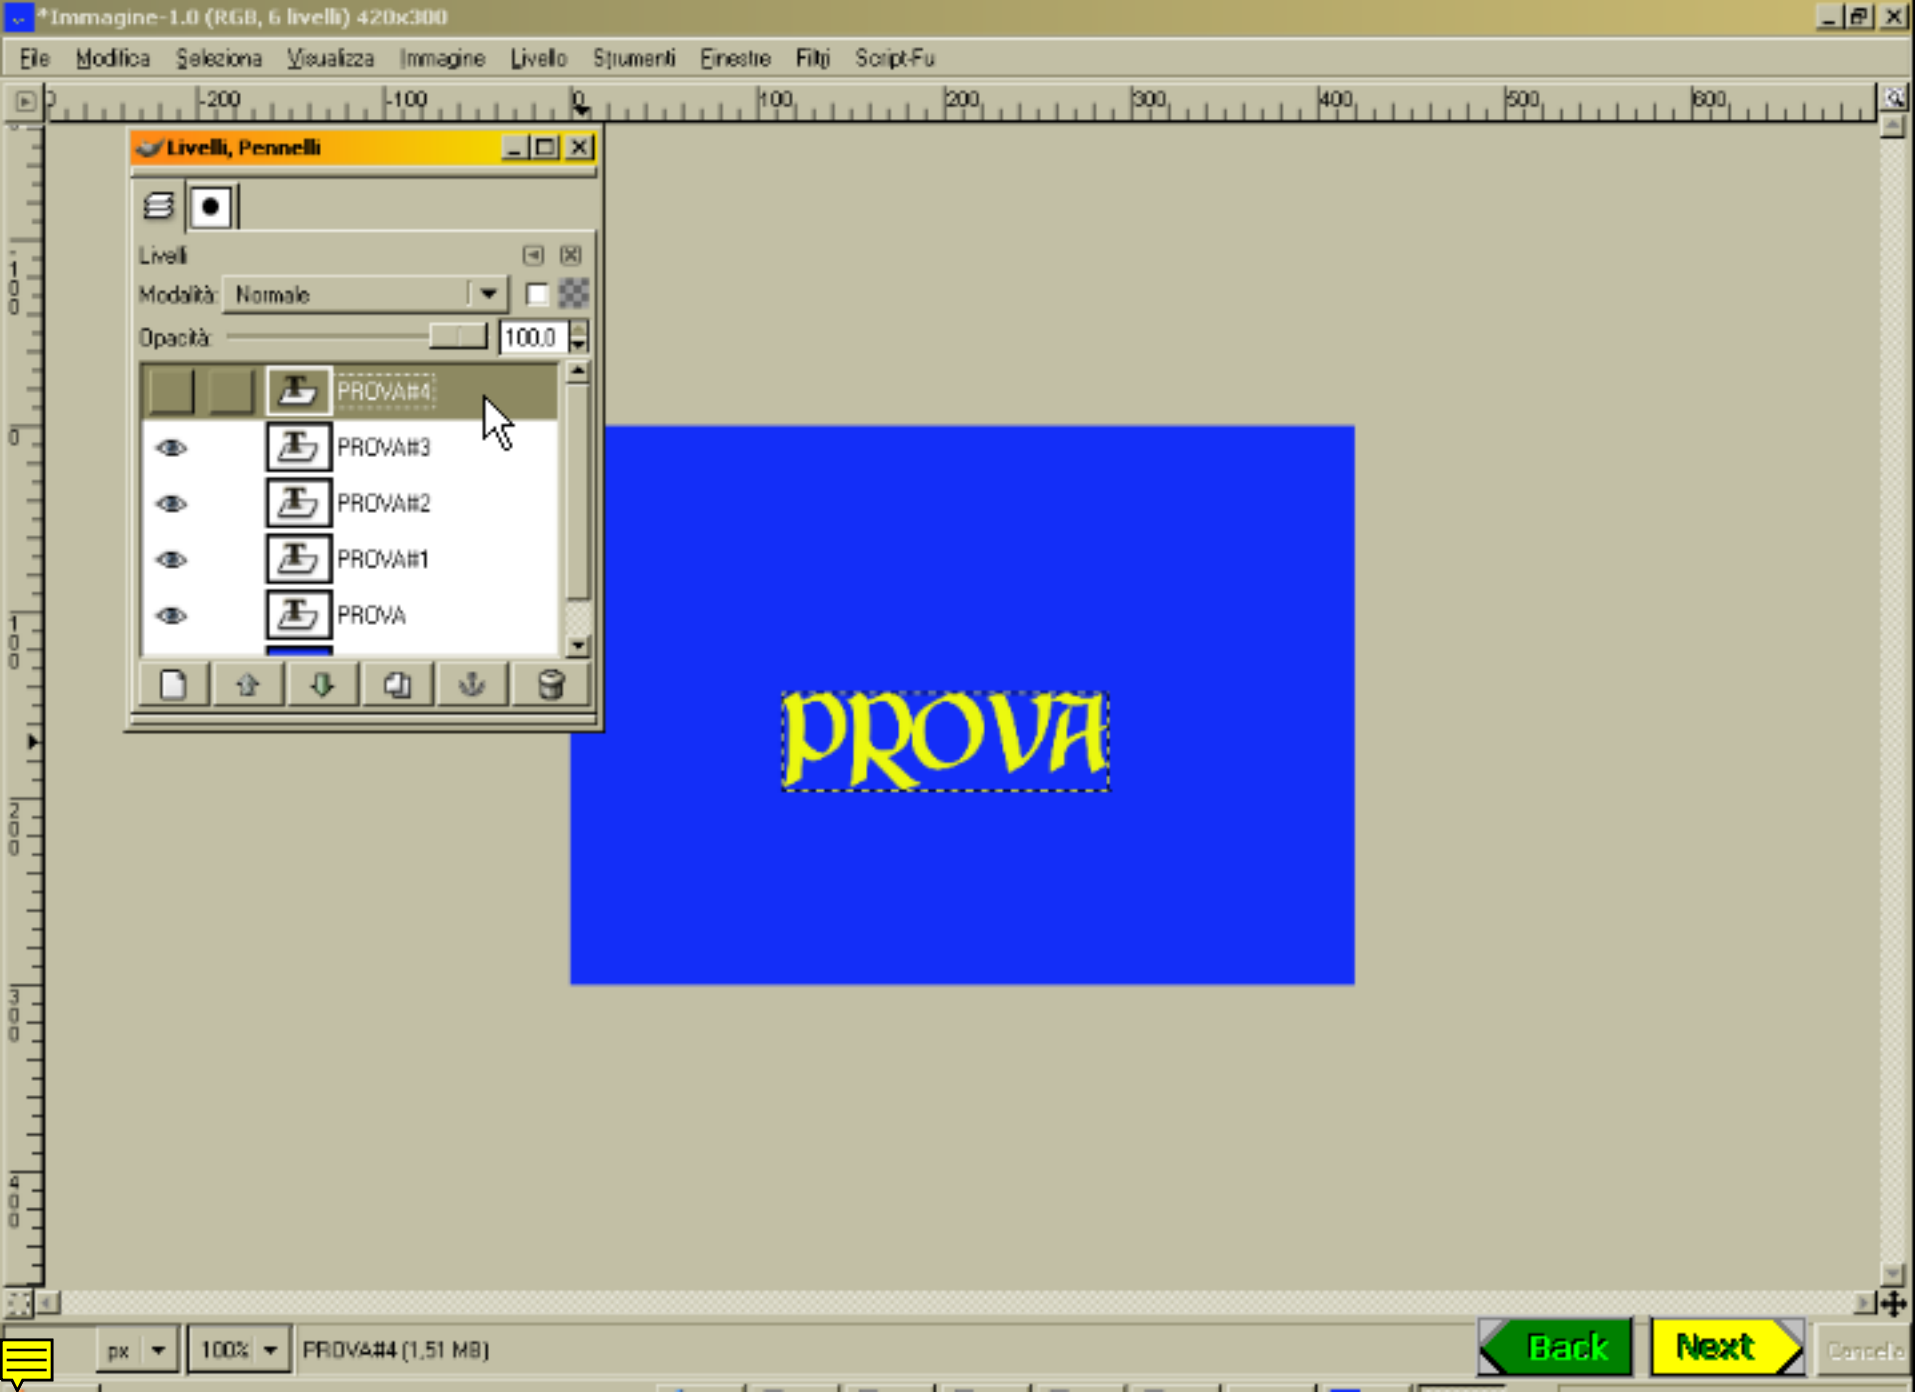

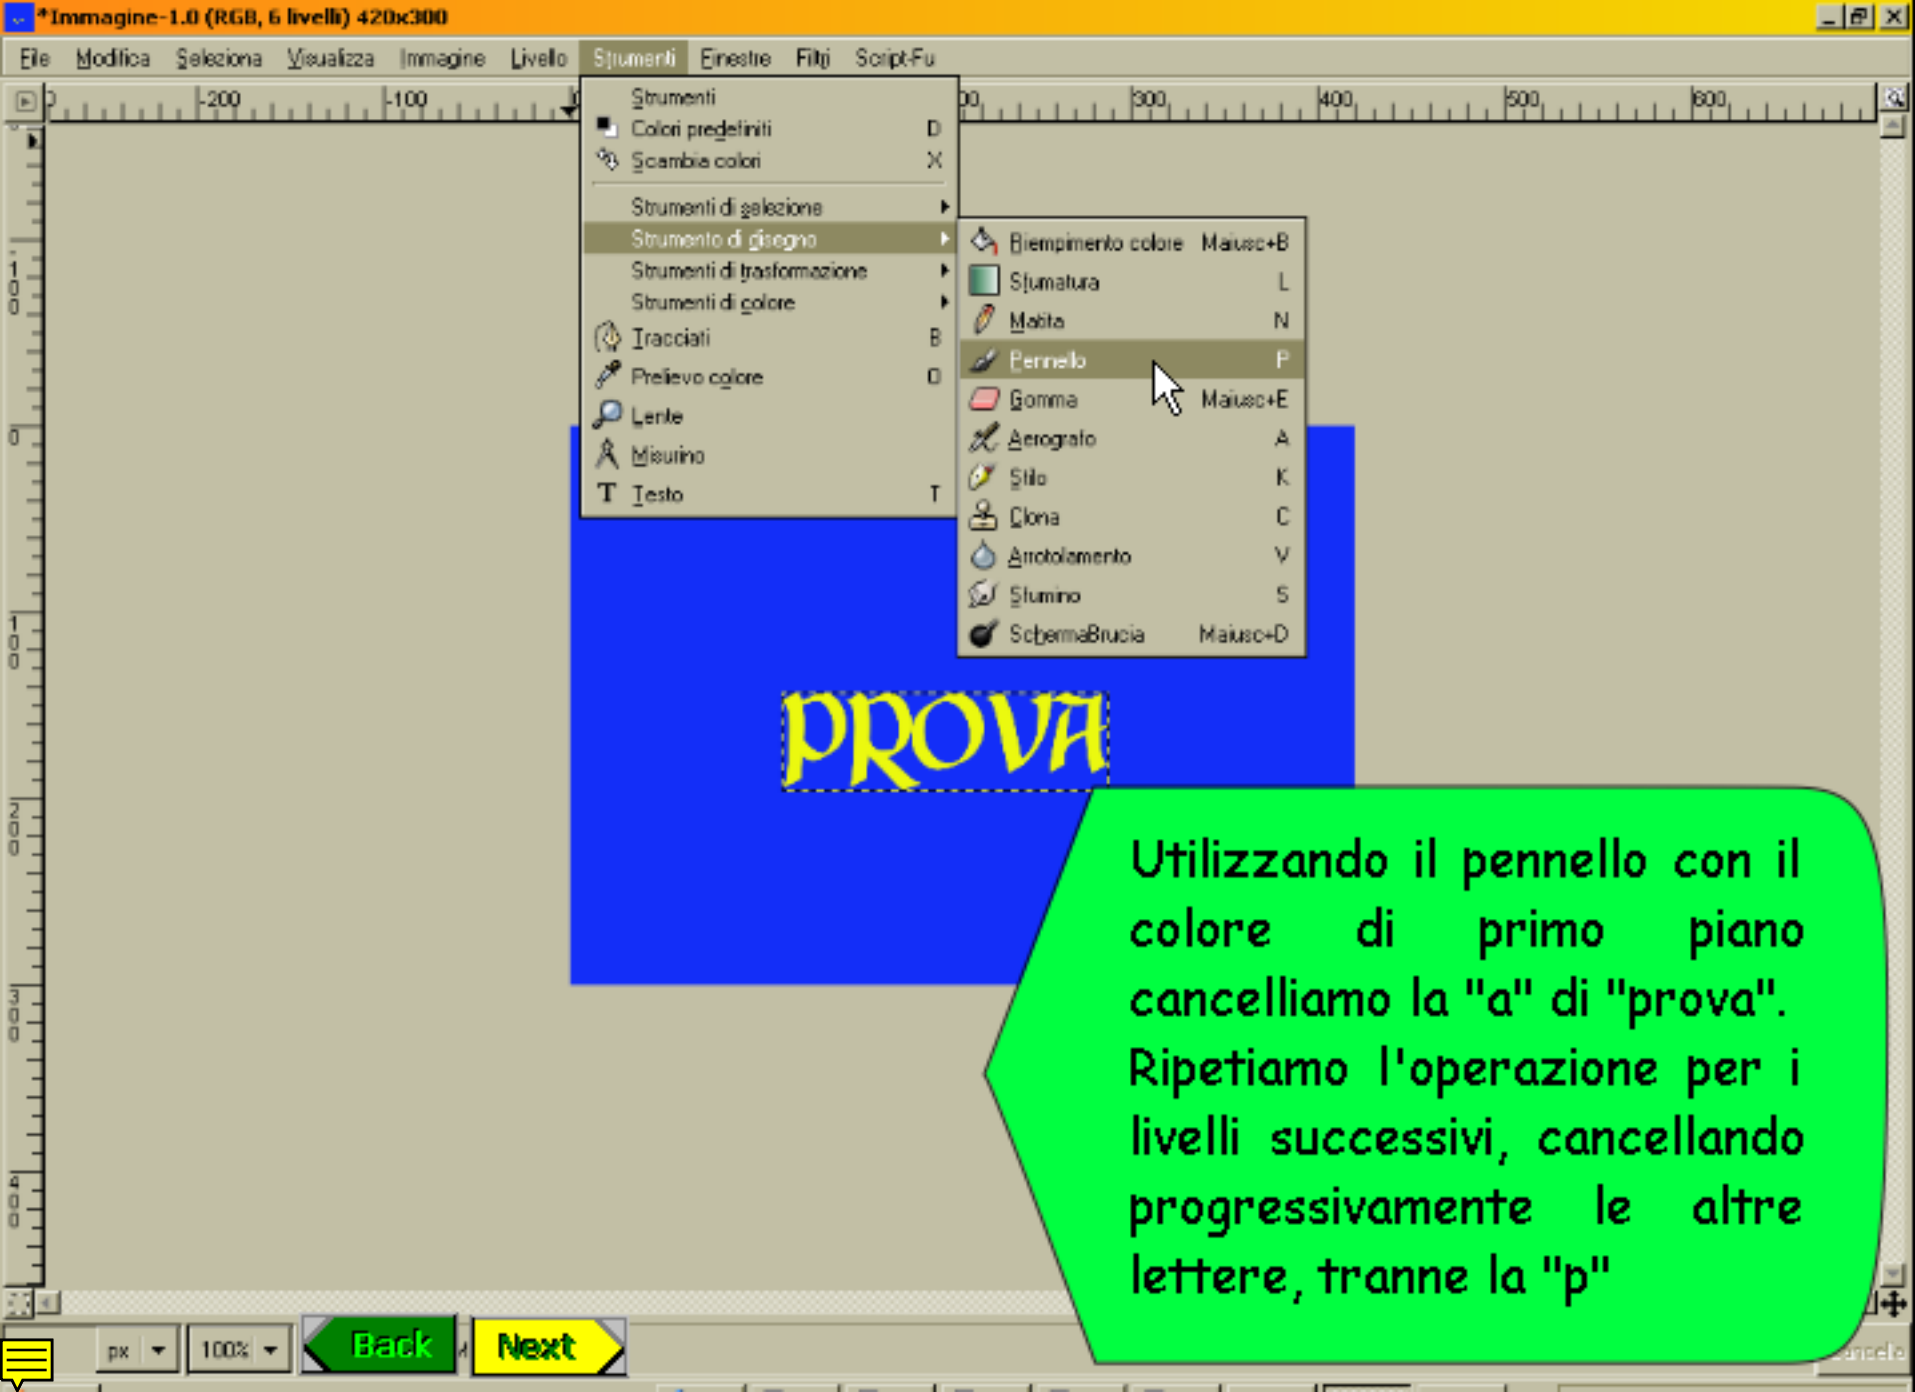

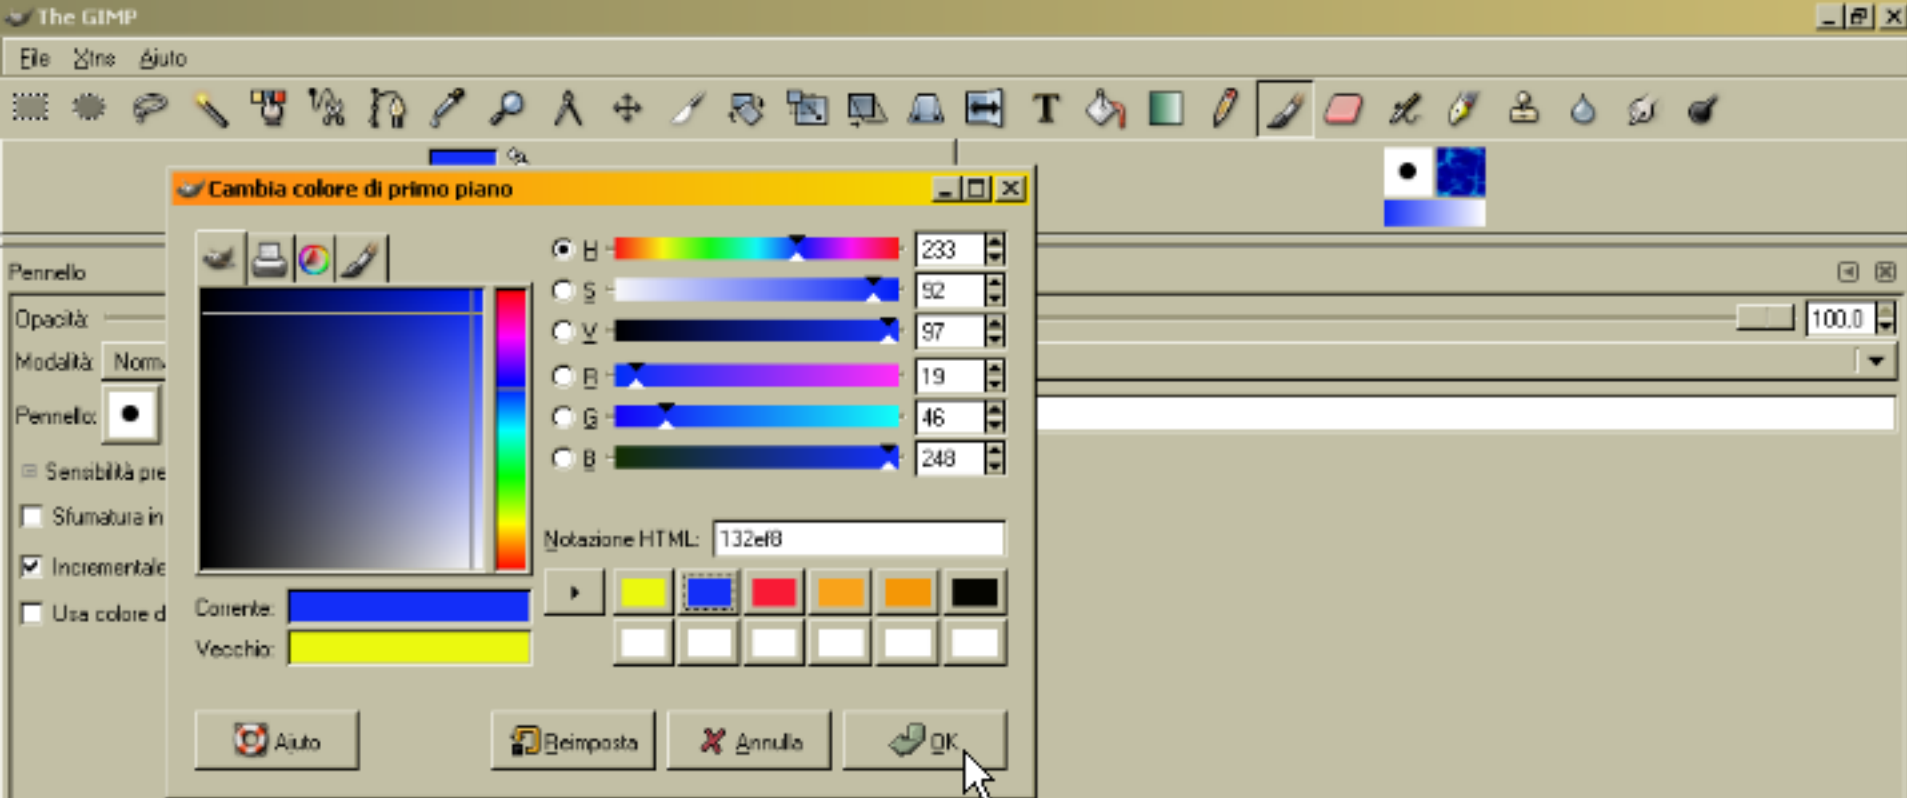

PROVA

Nascondiamo il livello più alto della pila cliccando sull'occhio nella finestra di dialogo livelli e spostiamoci sul secondo

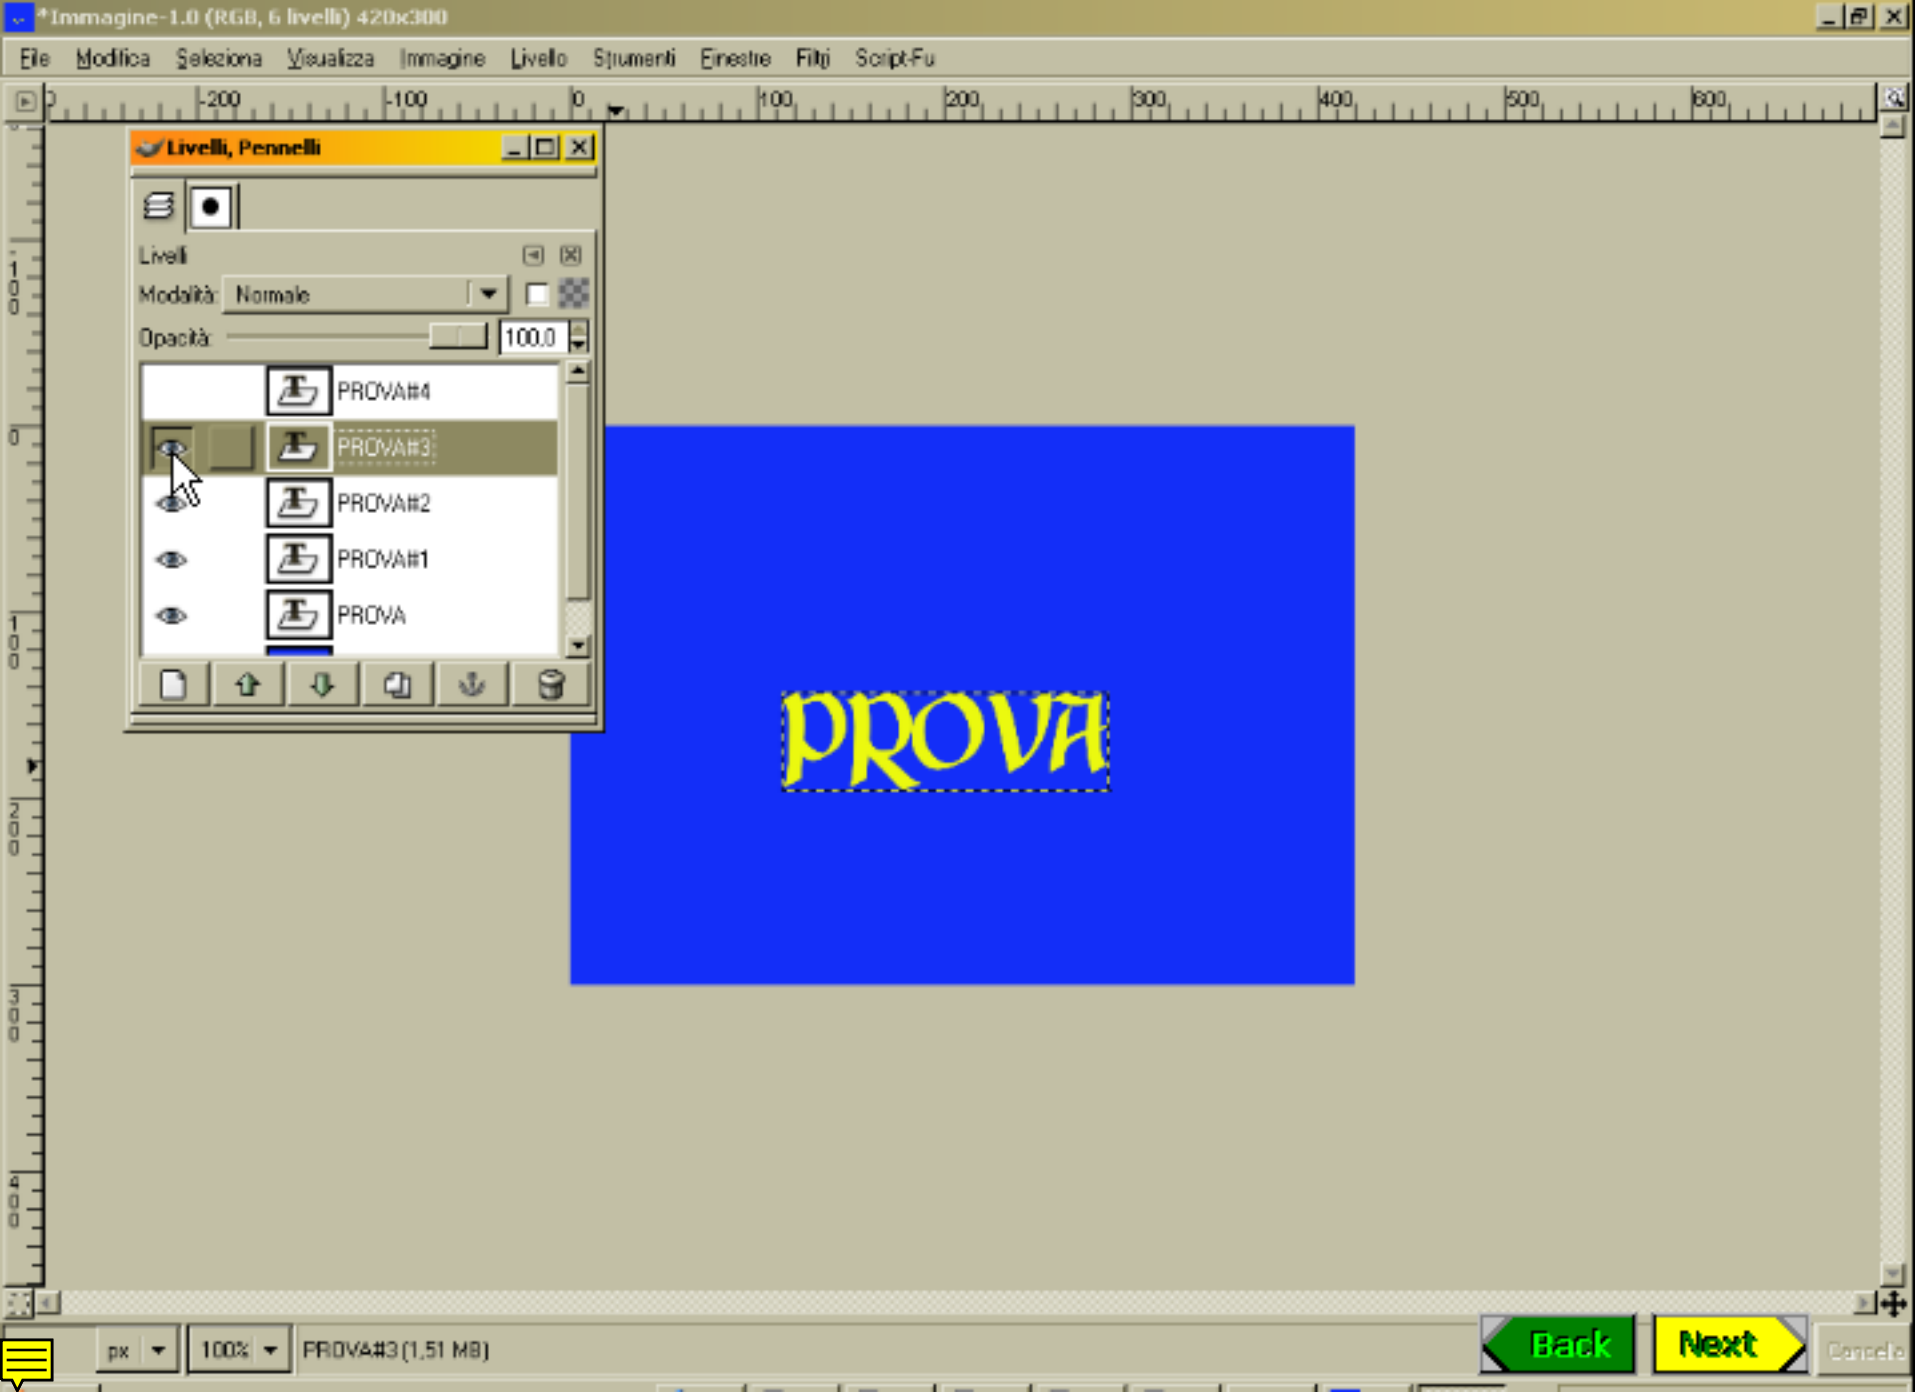

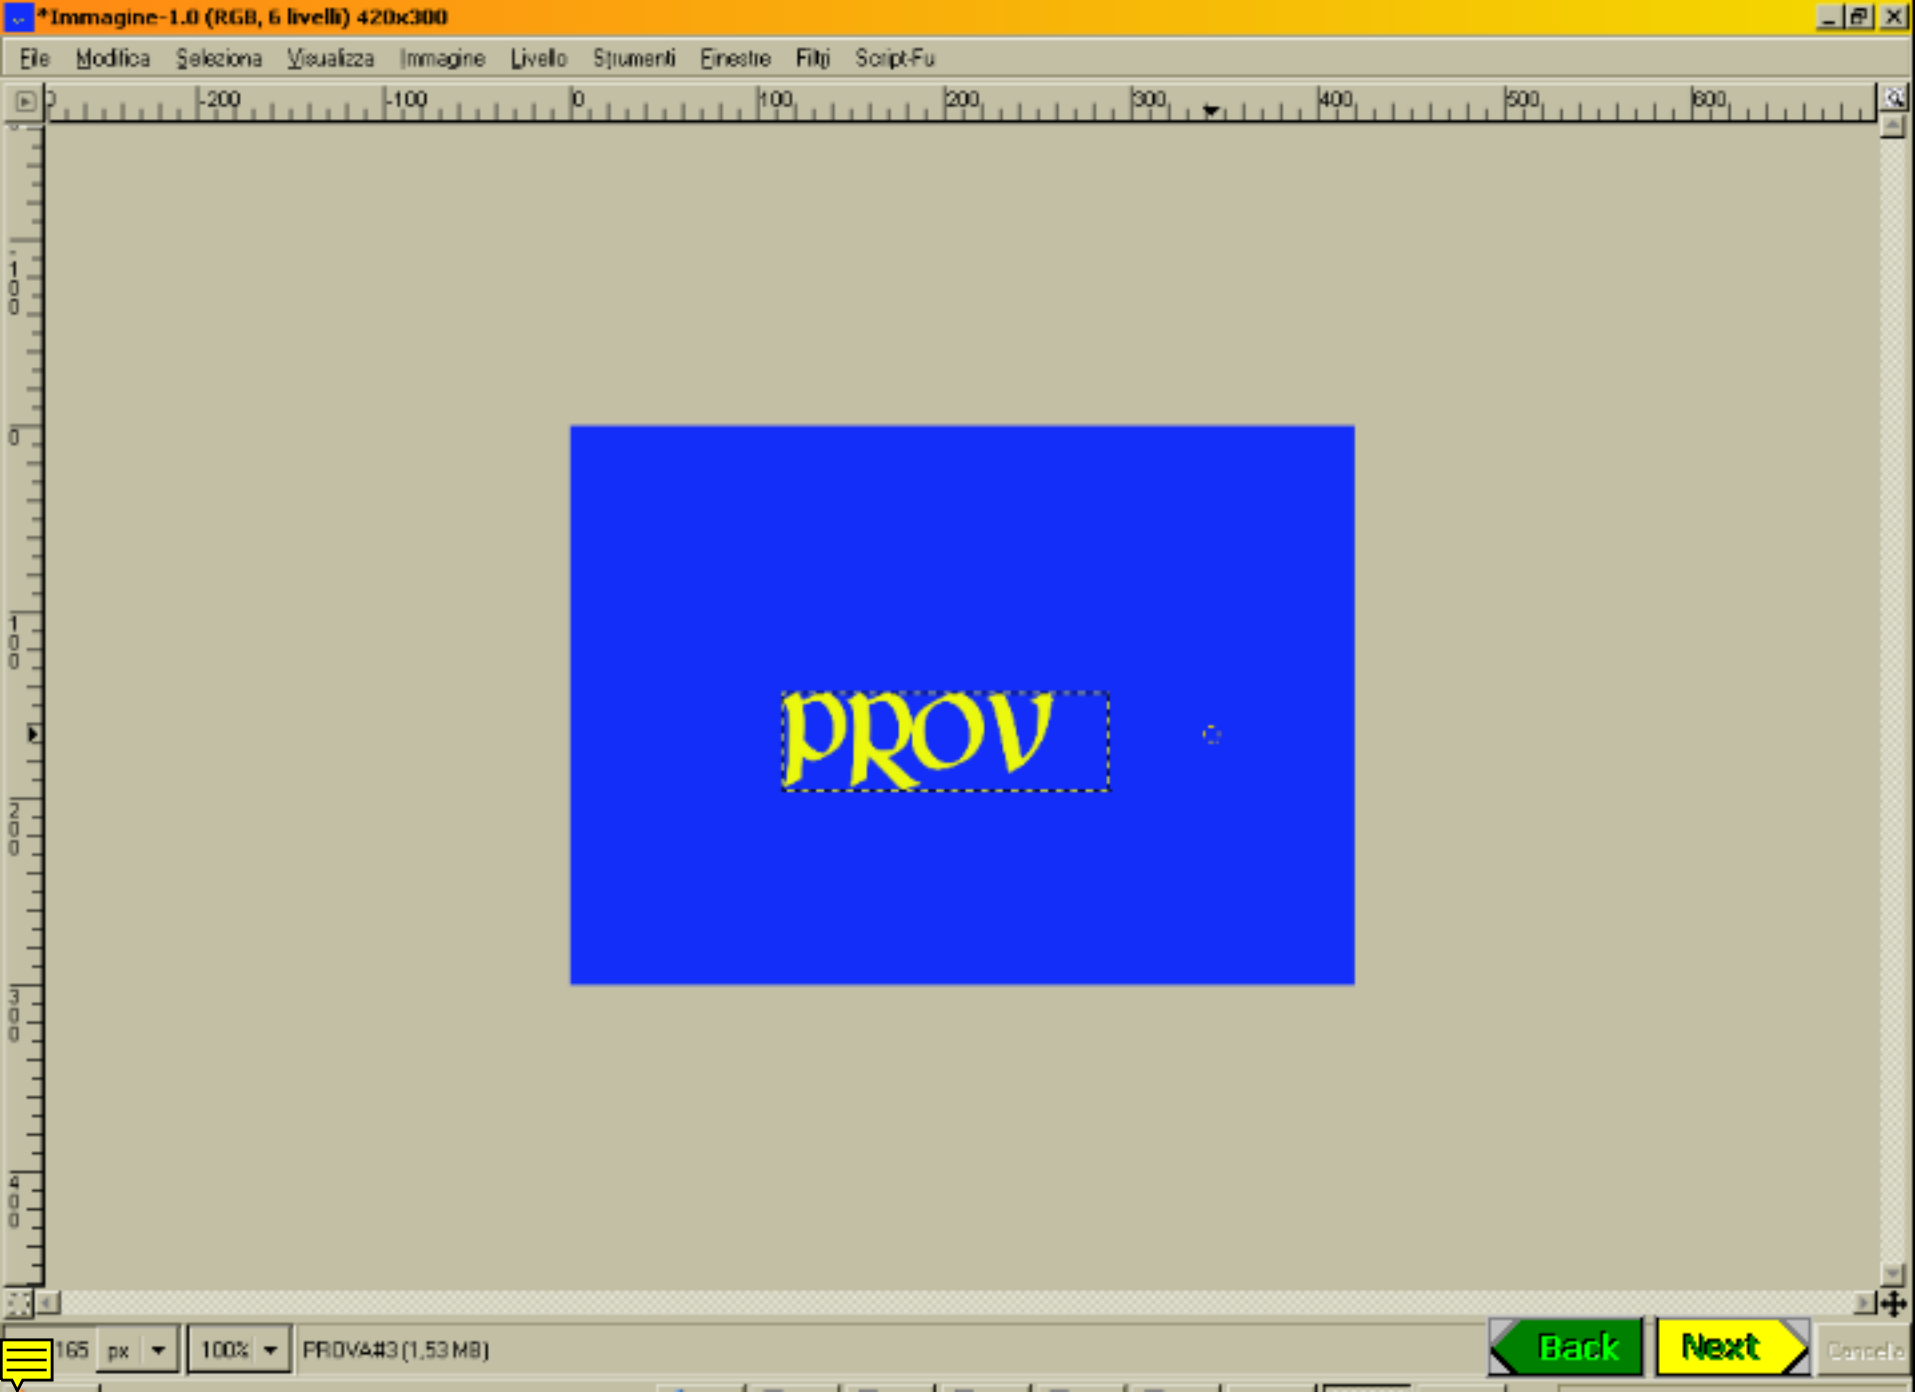

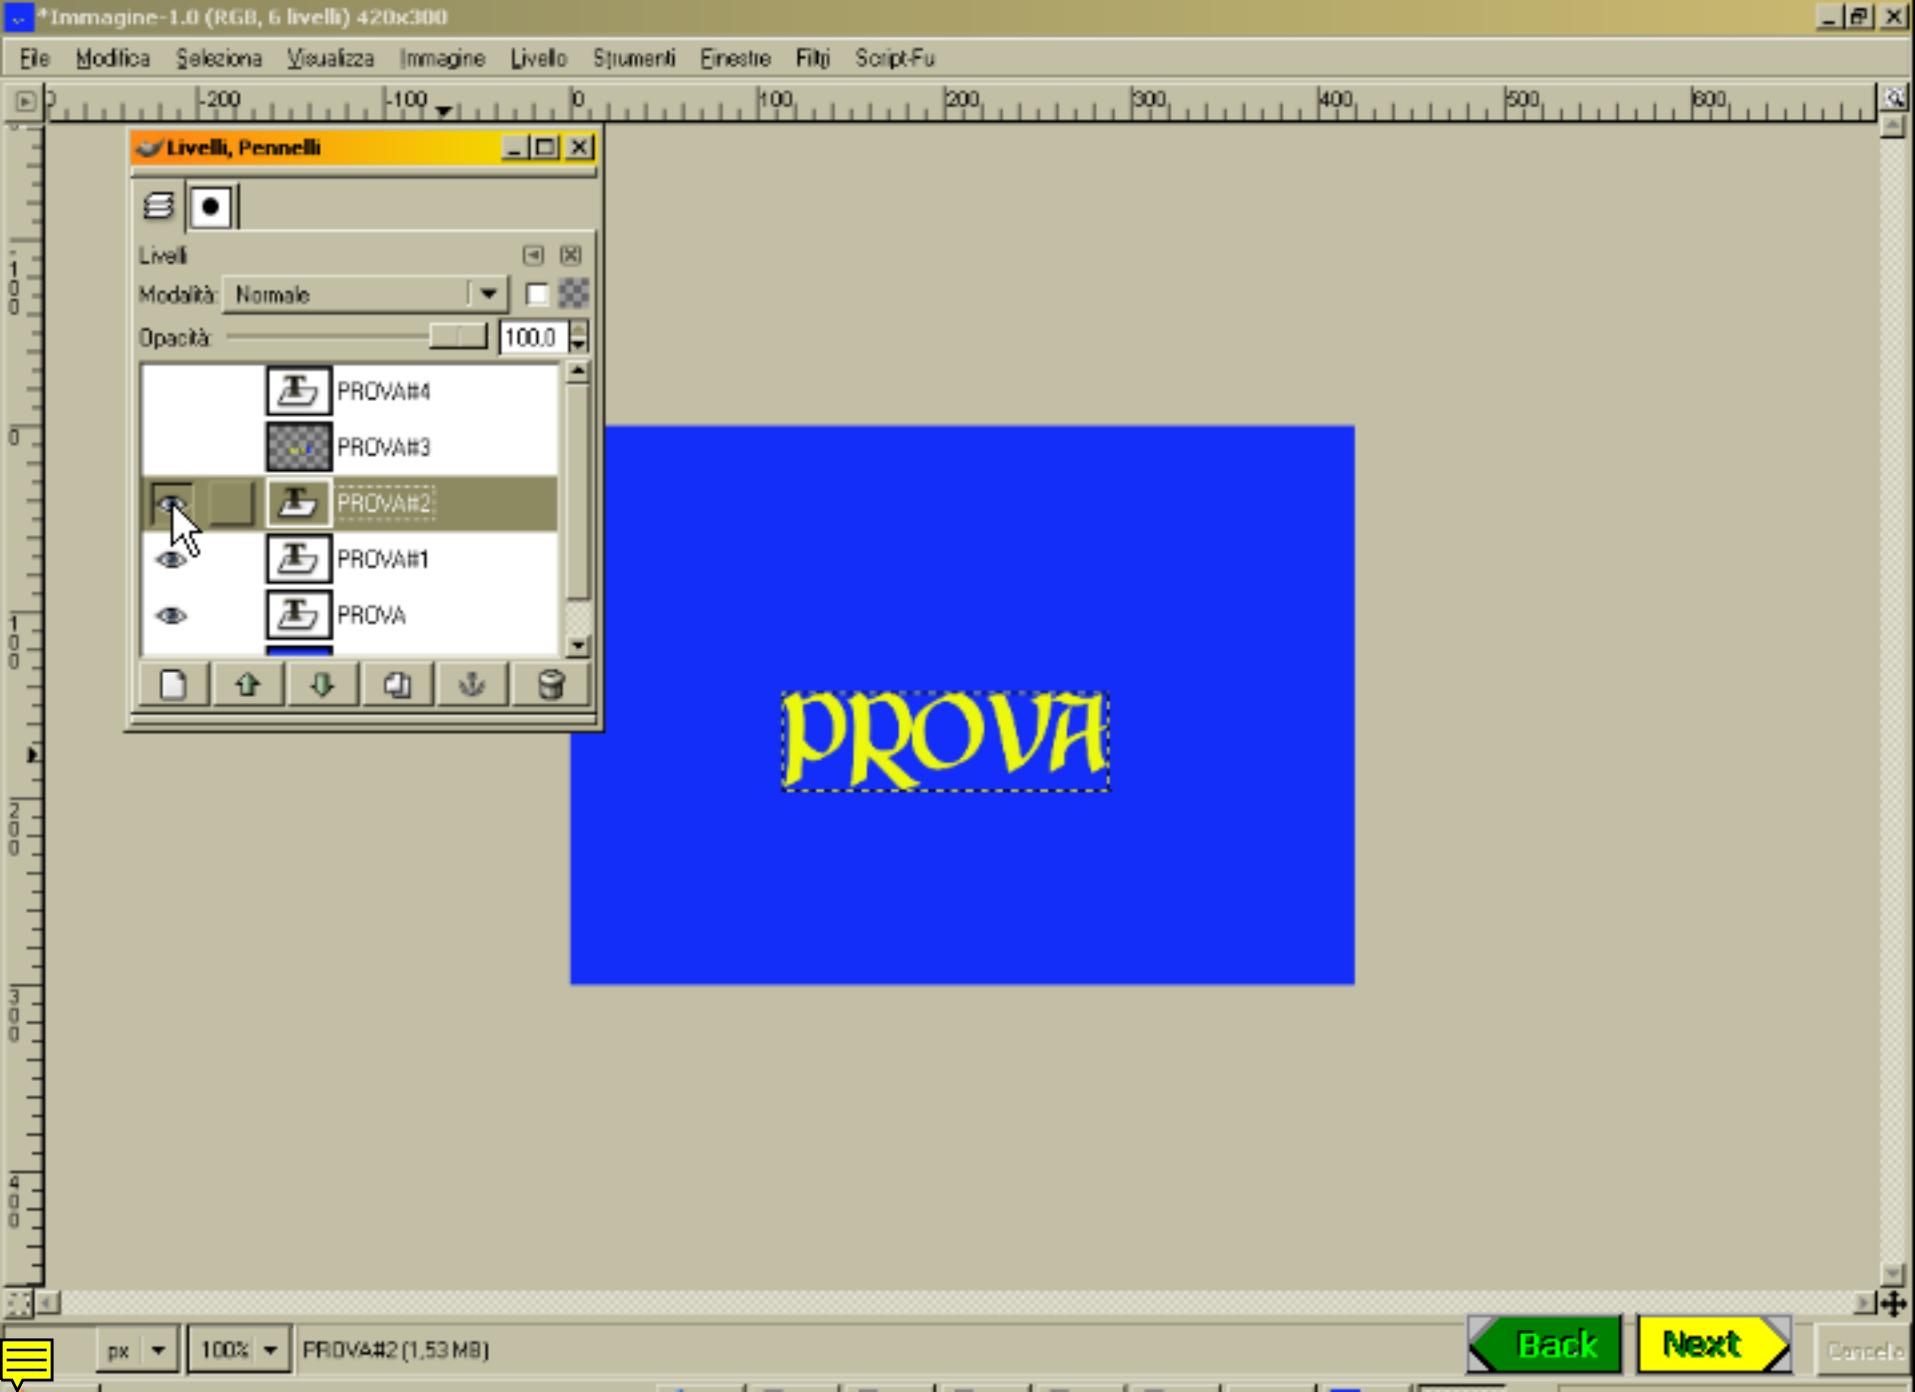

Il colore del pennello deve essere uguale al colore di primo piano (quello dello sfondo), così da poter "cancellare" le lettere del testo
